Elmstead

We have visited new residents in Asterwood and in Lanswood Park.

After nagging the Planning Dept. at TDC the rubble and building material has now gone.

Parking at the junction of Old School Lane has now been referred to North East Essex Parking Partnerships (NEEPP).

We were pleased to see that the laybys had been cleared but saddened by the fact that a fridge freezer was dumped overnight - not even a day without flytipping. The settee and chair in the layby just after the turning into B1027 was removed as well – thank you to whoever did this.
